STAT

I would like to extend a word of appreciation for your excellent work during your first year as a summer employee with FBIS. You have definitely been an asset to our logistics branch, especially with the assistance you provided regarding our transition to Reston. Your supervisor is certainly impressed with your willingness, versatility, and your industrious nature where you portrayed the ability to quickly grasp any assigned task and completed the task in an expeditious manner.

I hope you have found your experience here a rewarding one, and I would like to join your coworkers in wishing you success in the coming year.

Sincerely,

STAT

Deputy Director
